MORAKNIV®

LOG IN

1. Go to <https://morakniv.gung.io> to reach the login page.
2. By clicking either, the Swedish or English flag, you choose which language you want to log in to; when English is selected, menus and product information will be in English.
3. If this is your first time logging in, click “Forgot password” to enter your email address and receive a link to your email where you can create a password.
4. When you log in, use your email address and password.
5. Click the “Log in” button.

MENU OVERVIEW

MY PAGES = here you can manage users, shipping addresses, contact details, and view your orders, invoices, etc.

PREVIOUS ORDERS = here you can view and download all your previous order confirmations.

EXPORT PRODUCTS = here you can download product images and product information/product data in individual product data sheets or as a bulk download in Excel.

SAVED CARTS = here you can save shopping carts as favorites to save time when ordering your bestsellers.

FAVOURITES = here you can mark your knife favorites and go directly to these product pages.

NEWS = here you get all Morakniv news gathered

IMPORT ORDERS FROM EXCEL = direct link to upload orders via Excel (instructions are provided later in this document).

DELIVERY OVERVIEW = here you see all upcoming deliveries and their status.

FIND THE RIGHT PRODUCTS

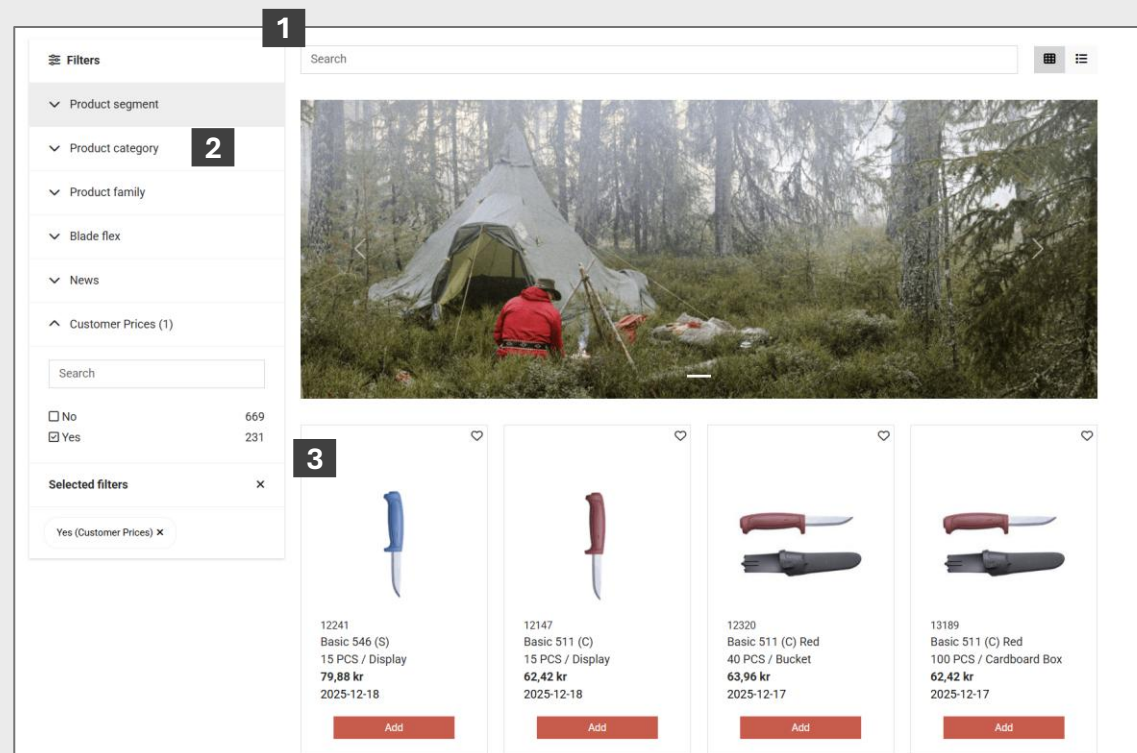

After you have logged in, you will be taken to a page that lists all products in the shop.

IN THE LIST:

1. SEARCH FIELD: Search by article number or article name.

2. ARTICLE FILTERS: Filter by product type or product series.

3. PRODUCT CARDS: Shows article number, image, product name, your price, and the delivery date and there's also a button to add the product to the cart.

FIND THE RIGHT PRODUCTS

For more product information, you can click on the product image to go to a detailed product page, where dimensions, description, and the recommended price are shown. From here, you add the product to the cart. Products are ordered in even multiples according to the packaging quantity.

TIPS!

You can also choose to import an order using Excel. See the section “Order Import (Excel).”

IMPORT ORDERS FROM EXCEL

In addition to finding products directly in Gung, you can also place your order from an Excel document.

1. Go to the menu on the right and click "Import order from Excel"
2. Choose the upload format "Column format"
3. Download the example template (the file will appear in Downloads and is named "OrderImport-ColumnFormat")
4. Fill in the downloaded template with SKU and quantity. EAN is not required.
5. Upload your Excel file. Make sure the "Column format" option is active when uploading.
6. The products will then appear in your cart, and you can continue with your order (see next page).

*Note that if you have previously added items to your cart, they will be replaced by the items from the Excel upload.

PLACE AN ORDER

1. After you have added the products you want to the cart, or imported your order via Excel, click the small icon in the upper right corner to go to the checkout.

2. In the checkout you will see the products, prices, and quantities. The quantity can be adjusted, and you can set a desired delivery date for the order. Selected dates are shown in bold.

3. To checkout you must meet the minimum order value.

DOWNLOAD PRODUCT INFORMATION

In the portal you can download product information about our knives. Product images, product data, product texts, and product data sheets are available in Swedish, English, and for some products also in Norwegian.

1. Choose the products you want to download information about by searching for the product name or article number in the search field.

2. Check the box “SELECT” for individual knives.

3. Use the selection options to select all of your items, deselect your items, or to create bookmarks for favorite knives.

MY PAGES, DELIVERY & ORDER INFORMATION

In the menu there are My Pages, Previous Orders and Delivery Overview. To get there, click the three small menu bars in the upper right corner. Inside My Pages there are tabs for addresses, contacts, orders, invoices, and which users are linked to your specific order number. Under Previous Orders you can view all delivered orders and download them in different formats, and under Delivery Overview you will see all upcoming orders.

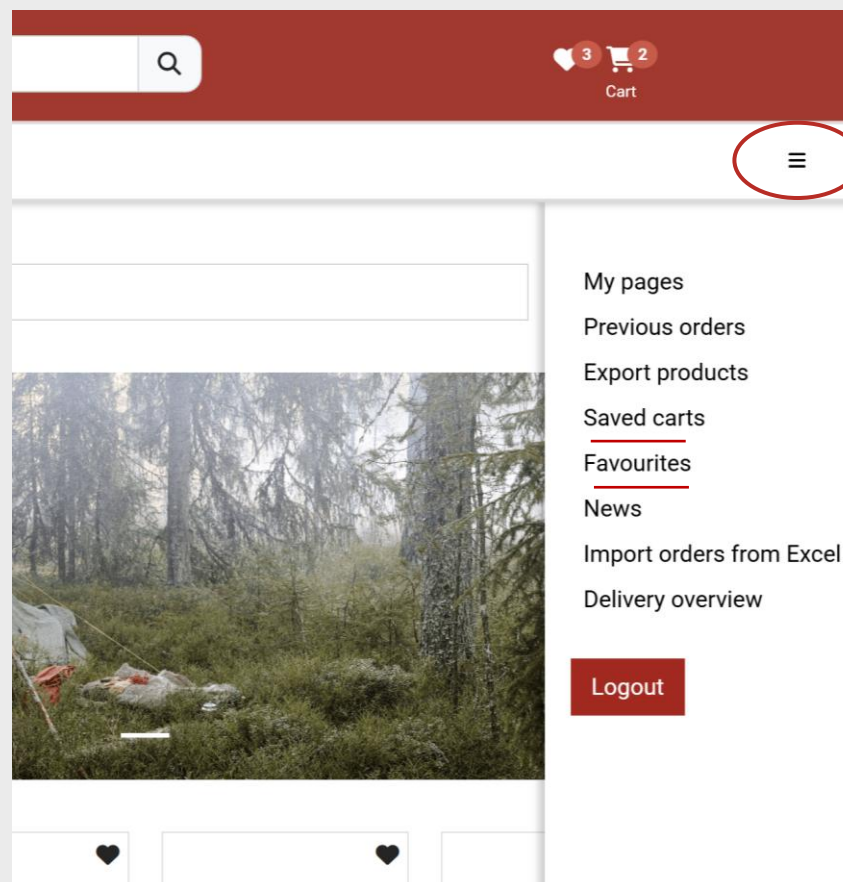

OTHER

In the menu there are also shortcuts to saved carts, favourites, product exports, etc.

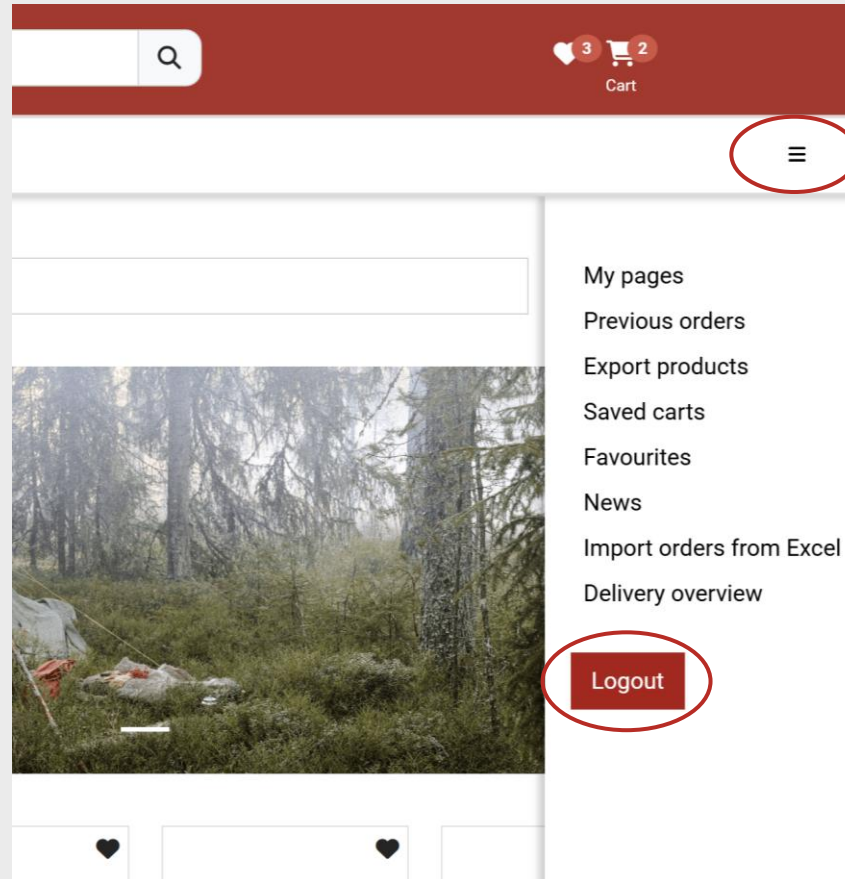

1. SAVED CARTS – If you want to assemble a cart without submitting the order, there is a button at checkout to save the cart.

2. FAVOURITES – If you want to mark products without adding them to the cart or setting a quantity, you can click the heart on the product card to collect your favorites.

LOG OUT

To log out, click the three small menu bars and then click Log out at the bottom.

WHY GUNG?

- An easy-to-use self-service portal that is always available
- As a customer you log in with your unique credentials, giving you your range, your prices, and your order history
- Find the right product easily and be confident that the price is always correct
- Place orders via Excel upload
- Download current price lists in Excel (Swedish & English)
- Download current Product Master Data including Prices in Excel (Swedish, English & Norwegian)
- Download relevant product information such as product data sheets (PDF), product texts, and product images (IMG)
- Save time with bookmarked favorites and saved carts for future orders
- See delivery tracking numbers and expected delivery dates directly in the system
- See your invoices and order statuses in one place
- Simplified order tracking
